"That the Left tried to undo the results of the 2016 by whatever means necessary is not in doubt. Fred Lucas reminds us of the dangers this approach poses to constitutional government as he dissects what President Trump has rightly called one of the greatest hoaxes in our history." —Cal Thomas, syndicated columnist and bestselling author "A devastating and comprehensive takedown of Trump's impeachment, and a thoughtful look at the historical context of past impeachments, with strong reporting and research to combat the Left's inevitable rewrite of history." —Sara Carter, Fox News Contributor, award-winning correspondent, host of The Sara Carter Show podcast "Fred Lucas goes beyond the tribalism to the truth. There doesn't need to be any partisan spin here, because the facts of the coup the Democrats attempted speak for themselves." —Steve Deace, host of the Steve Deace Show on TheBlaze TV Abuse of Power exposes: • How Elizabeth Warren tried to set an impeachment trap for Trump even before the inauguration. • Why the depths of the Biden family's international conflict of interests are worthy of a federal investigation. • Why Nancy Pelosi caved to The Squad to remain leadership. • How Adam Schiff pushed Jerry Nadler out of the key spot to lead the impeachment. • How Democrats abandoned what would have been a crowning leftwing achievement in gun control legislation in order to pursue an impeachment that was destined to fail in the Senate. • How Mitt Romney's vote to convict likely prevent three moderate Democrats from rebelling against party leaders.

2018 Newbery Honor Book and Coretta Scott King Author Award Winner 'Important and deeply moving' JOHN GREEN 'Timely and timeless' JACQUELINE WOODSON Jade is a girl striving for success in a world that seems like it's trying to break her. She knows she needs to take every opportunity that comes her way. And she has: every day Jade rides the bus away from her friends to a private school where she feels like an outsider, but where she has plenty of opportunities. But some opportunities Jade could do without, like the mentor programme for 'at-risk' girls. Just because her mentor is black doesn't mean she understands where Jade is coming from. Why is Jade always seen as someone to fix? But with a college scholarship promised at the end of it, how can Jade say no? Jade feels like her life is made up of hundreds of conflicting pieces. Will it ever fit together? Will she ever find her place in the world? More than anything, Jade just wants the opportunity to be real, to make a difference. NPR's Best Books of 2017 A 2017 New York Public Library Best Teen Book of the Year Chicago Public Library's Best Books of 2017 A School Library Journal Best Book of 2017 Kirkus Reviews' Best Teen Books of 2017 2018 Josette Frank Award Winner

Among American conservatives, the right to own property free from the meddling hand of the state is one of the most sacred rights of all. But in the American West, the federal government owns and oversees vast patches of land, complicating the narrative of western individualism and private property rights. As a consequence, anti-federal government sentiment has animated conservative politics in the West for decades upon decades. In This Land Is My Land, James R. Skillen tells the story of conservative rebellion-ranging from legal action to armed confrontations-against federal land management in the American West over the last forty years. He traces the successive waves of conservative insurgency against federal land authority-the Sagebrush Rebellion (1979-1982), the War for the West (1991-2000), and the Patriot Rebellion (2009-2016)-and shows how they evolved from regional revolts waged by westerners with material interests in federal lands to a national rebellion against the federal administrative state. Cumulatively, Skillen explains how ranchers, miners, and other traditional users

of federal lands became powerful symbols of conservative America and inseparably linked to issues of property rights, gun rights, and religious expression. Not just a book about property rights battles over Western lands, *This Land is My Land* reveals how the evolving land-based conflicts in the West since the 1980s reshaped the conservative coalition in America—a development that ultimately helped lead to the election of President Donald J. Trump in 2016.

Introduction to Feminist Thought and Action is an accessible foundation that whets appetite for further study. It provides a non-US-centric introduction to gender studies, covering topics like 19th-century African, Chinese, and Arab movements, and foregrounds Black and Indigenous feminisms. Several case studies—the Aztecs and the Spanish, Agriculture and Gender, Beauty and Authority, Racial Stereotypes, and US Voting Rights—reveal how the interconnected architecture of privilege and oppression affects issues like globalization, media, and the environment. Feminist theories about race, sexuality, class, disabilities, and more culminate in step-by-step instructions for applying intersectionality and practicing activism. Rich with 19 diverse first-person voices, it brings feminism to life and lives to feminism.

In a complicated political era when the United States feels divided, this book celebrates feminism and female contributions to politics, activism, and communities. Each of the forty-four women profiled in this illustrated book has demonstrated her capabilities and strengths in political and community leadership and activism, both in the United States and around the world. Written in an approachable, journalistic tone and rounded out by beautiful color portraits, history, key political processes, terminology, and thought-provoking quotes, this book will inspire and encourage women everywhere to enact change in their own communities and to pursue opportunities in public affairs.

“The words and images in this snapshot story pulse with resourceful ingenuity, joyful exuberance, and layered meanings.” —Publishers Weekly (starred review) When you live in a village at the edge of the no-go desert, you need to make your own fun. That's when you and your brothers get inventive and build a bike from scratch, using everyday items like an old milk pot (maybe Mum is still using it, maybe not) and a used flour sack. You can even make a license plate from bark if you want. The end result is a spectacular bike, perfect for whooping and laughing as you bumpetty bump over sand hills, past your fed-up mum and right through your mud-for-walls home. A Boston Globe–Horn Book Award winner, this joyous story from Maxine Beneba Clarke, beautifully illustrated by street artist Van Thanh Rudd, is now available as an ebook.

Journalist Rebecca Traister's New York Times bestselling exploration of the transformative power of female anger and its ability to transcend into a political movement is “a hopeful, maddening compendium of righteous feminine anger, and the good it can do when wielded efficiently—and collectively” (*Vanity Fair*). Long before *Pantsuit Nation*, before the Women's March, and before the #MeToo movement, women's anger was not only politically catalytic—but politically problematic. The story of female fury and its cultural significance demonstrates its crucial role in women's slow rise to political power in America, as well as the ways that anger is received when it comes from women as opposed to when it comes from men. “Urgent, enlightened...realistic and compelling...Traister eloquently highlights the challenge of blaming not just forces and systems, but individuals” (*The Washington Post*). In *Good and Mad*, Traister tracks the history of female anger as political fuel—from suffragettes marching on the White House to office workers vacating their buildings after Clarence Thomas was confirmed to the Supreme Court. Traister explores women's anger at both men and other women; anger between ideological allies and foes; the varied ways anger is received based on who's expressing it; and the way women's collective fury has become transformative political fuel. She deconstructs society's (and the media's) condemnation of female emotion (especially rage) and the impact of their resulting repercussions. Highlighting a double standard perpetuated against women by all sexes, and its disastrous, stultifying effect, *Good and Mad* is “perfectly timed and inspiring” (*People, Book of the Week*). This “admirably rousing narrative” (*The Atlantic*) offers a glimpse into the galvanizing force of women's collective anger, which, when harnessed, can change history.

The 2018 Edition of the *Complete & Independent Guide to the Eurovision Song Contest* is the 11th edition of this book and as usual it's packed with statistical details of every Contest since 1956 along with plenty of new analysis, over 337 pages, our biggest edition ever. The book looks at the national qualification competitions for 2018 and has an in-depth section on the entire voting history of each country, along with dozens of facts and statistics on this year's Contest and historical trends, including jury/public differences, bloc voting and analysis of where best to perform in the running order.
