Curtis the Courteous Raccoon shows young children how goodmanners at school can mean more friends and more fun for everyone. Curtis has tips in these areas: using polite words, respecting differences, and being a good listener.

'An admirable collection. Each story has its subtle nuances of narrative and language which established a quite distinct character. A most impressive work of fiction' The Times Graham Swift's taut prose style, natural gift for characterization and tight grasp of the details and complexities of real life combine beautifully in these concentrated and enigmatic stories to offer an incisive exposé of the illusion, subterfuge and enigma of everyday interaction. Focusing on the combative relationships between men and women – between a mismatched couple; an ageing doctor and his hypochondriacal patient; a teenage refugee swept up in the conflict of an oppressively sentimental father and his rebellious son – these spare, Kafkaesque stories are a microcosm for all human cruelty and need. 'Graham Swift ... has a wide range: he can be delicately sensitive or outrageously funny. He is a born storyteller' Daily Telegraph 'He has style and he has range, and quiet strengths that are continuously and effortlessly displayed. Graham Swift should be read by everyone with an interest in the art of the short story' Evening Standard

The author shows how Plath's remarkable lyric dramas define a private ritual process. The book deals with the emotional material from which Plath's poetry arises and the specific ritual transformations she dramatizes. It covers all phases of Plath's poetry, closely following the development of image and idea from the apprentice work through the last lyrics of Ariel. The critical method stays close to the language of the poems and defines Plath's struggle toward maturity. Originally published in 1979. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

A young poet recalls his personal encounters with Robert Frost, Ezra Pound, T.S. Eliot, and Dylan Thomas and speaks of their private and literary concerns, especially in their later years.

Louisiana Endowment for the Humanities UNCATALOGED TXB.

These essays offer insights into a violently interesting poet, one who despite, or perhaps because of, her suicide at age thirty continues to fascinate and trouble us.

"Brings together a unique collection of personal documents and critical essays to help illuminate both the legend that Sylvia Plath became and the reality behind its inception. The introduction combines a thoughtful consideration of Sylvia Plath's life and art with a fascinating account of the difficulties involved in trying to resurrect the 'real' woman from the ashes scattered in her wake after her suicide" --from back cover.

The iconic American melodrama that inspired the 1943 cult classic film starring Bette Davis. "Charlotte Vale a timeless and very sophisticated Cinderella." —Patricia Gaffney, New York Times bestselling author "Don't let's ask for the moon! We have the stars!" The film Now, Voyager concludes with these famous words, which reaffirmed Bette Davis's own stardom and changed the way Americans smoked cigarettes. But few fans of this rich story know its source. Olive Higgins Prouty's 1941 novel provides a rich, complex portrait of the inner life of its protagonist and the society she inhabits. Over half a century later, it still offers fresh and quietly radical takes on psychiatric treatment, traditional family life, female desire, and women's agency. Boston blueblood Charlotte Vale has led an unhappy, sheltered life. Dowdy, repressed, and pushing forty, Charlotte finds salvation in the unlikely form of a nervous breakdown, placing her at a sanitarium, where she undergoes treatment to rebuild her ravaged self-esteem and uncover her true intelligence and charm. Femmes Fatales restores to print the best of women's writing in the classic pulp genres of the mid-20th century. From mystery to hard-boiled noir to taboo lesbian romance, these rediscovered queens of pulp offer subversive perspectives on a turbulent era. "Like the film it inspired, Olive Higgins Prouty's Now, Voyager is as striking for the conventions it bucks as for the ones it embraces: a vivid reminder of a time when people crossed the ocean in liners and wore hats, and a hymn to an American ideal of social, moral, and emotional independence." —David Leavitt, author of Shelter in Place
