crafted, Erin Young's *The Fields* is a dynamite debut—crime fiction at its very finest. Some things don't stay buried. It starts with a body—a young woman found dead in an Iowa cornfield, on one of the few family farms still managing to compete with the giants of Big Agriculture. When Sergeant Riley Fisher, newly promoted to head of investigations for the Black Hawk County Sheriff's Office, arrives on the scene, an already horrific crime becomes personal when she discovers the victim was a childhood friend, connected to a dark past she thought she'd left behind. The investigation grows complicated as more victims are found. Drawn deeper in, Riley soon discovers implications far beyond her Midwest town.

in the late 1940s” (The Gazette). Byron C. Hattman sealed his fate when he checked into the Roosevelt Hotel on December 13, 1948. A maid found his body in a blood-spattered room two days later. An investigation linked him to the young wife of St. Louis pediatrician Robert C. Rutledge, who confessed to the brutal attack after trying to poison himself. The scandal made national headlines and seemed like an easy case for the Linn County court. That is, until new evidence changed the story completely. Reporter and author Diane Fannon-Langton uncovers the truth and compiles the complete details of the Hattman slaying for the first time. Includes photos!

State Park. The night of music and laughter had taken a dark turn. Evil loomed just beyond the tree line, and before the night was over, one of the Midwest's most horrific mass murders had left its bloodstains spewed across the campsite. One managed to survive and would come to be known as the "Gitchee Girl." Harrowing memories of the terrifying crime sent her spiraling out of control, and she grasped at every avenue to rebuild her life. Can one man, a rescue dog, and a glimmer of faith salvage a broken soul? This true story will touch your heart and leave you cheering that good can prevail over the depravity of mankind. Through extensive research, interviews, and personal insight, the authors bring a riveting look at the heinous crime that shook the Midwest in the early 1970s. Written from rare, inside interviews with the lone survivor, who broke nearly four decades of silence, this shocking yet moving story

will not soon be forgotten.

On June 10, 1912, the village of Villisca, Iowa awoke to discover a mass murder had occurred while the town slept. An entire household of eight people had been axed to death in their beds. Within 24 hours, in spite of limited mass communications, the story was national and international news, knocking the White Star Titanic off the front page and captivating the general public. The mass murder became a catalyst to a growing nation starting to realize the 20th century, with all of its advancements, held new forms of terror and insecurity. If the mass murder could happen in this idyllic little village, it could happen anywhere. Author Stephen Bowman's version of the story has been compared to Capote's IN COLD BLOOD mystery as it recreates the gruesome murder and

the aftermath in an expose of rural family strife and local mores toward bigotry, superstition and caste system which still exists in rural America today. The suspenseful mystery brings to life a vivid cast of characters. Through the main characters, the themes of rural life and prejudice are revealed as they each struggle with conflicts between self-respect, family honor and justice. The crime remains one of the greatest unsolved mysteries of the 20th century

"The voice that narrates *In the Name of the Children: An F.B.I. Agent's Relentless Pursuit of the Nation's Worst Predators*, which Rinek wrote with the journalist Marilee Strong, sounds warm and humane, qualities missing from much crime writing. Their book is a professional job, filled with illuminating details about the day-to-day operations of the bureau." —New York Times Book Review FBI

Special Agent Jeff Rinek had a gift for getting child predators to confess. All he had to do was share a piece of his soul . . . In the Name of the Children gives an unflinching look at what it's like to fight a never-ending battle against an enemy far more insidious than terrorists: the predators, lurking amongst us, who seek to harm our children. During his 30-year career with the FBI, Jeff Rinek worked hundreds of investigations involving crimes against children: from stranger abduction to serial homicide to ritualized sexual abuse. Those who do this kind of work are required to plumb the depths of human depravity, to see things no one should ever have to see—and once seen can never forget. There is no more important—or more brutal—job in law enforcement, and few have been more successful than Rinek at solving these sort of cases. Most famously, Rinek got Cary Stayner to confess to all four of the killings known as the

Yosemite Park Murders, an accomplishment made more extraordinary by the fact that the FBI nearly pinned the crimes on the wrong suspects. Rinek's recounting of the confession and what he learned about Stayner provides perhaps the most revelatory look ever inside the psyche of a serial killer and a privileged glimpse into the art of interrogation. *In the Name of the Children* takes readers into the trenches of real-time investigations where every second counts and any wrong decision or overlooked fact can have tragic repercussions. Rinek offers an insider's perspective of the actual case agents and street detectives who are the boots on the ground in this war at home. By placing us inside the heart and mind of a rigorously honest and remarkably self-reflective investigator, we will see with our own eyes what it takes—and what it costs—to try to keep our children safe and to bring to justice those who prey on

society's most vulnerable victims. With each chapter dedicated to a real case he worked, *In the Name of the Children* also explores the evolution of Rinek as a Special Agent—whose unorthodox, empathy-based approach to interviewing suspects made him extraordinarily successful in obtaining confessions—and the toll it took to have such intimate contact with child molesters and murderers. Beyond exploring the devastating impact of these unthinkable crimes on the victims and their families, this book offers an unprecedented look at how investigators and their loved ones cope while living in the specter of so much suffering.
