Goldsworthy examines the life of Augustus Caesar, who rose from obscurity to become Rome's first emperor and the most powerful and enduring in the history of the Empire. He killed and manipulated his way to the top, then reinvented himself as 'the father of his country', achieving peace and prosperity (ITALIA!)

View all copies of this ISBN edition: Synopsis; About this title; In the year 44 BC, when Julius Caesar was killed ...

Caesar Augustus schemed and fought his way to absolute power. He became Rome's first emperor and ruled for forty-four years before dying peacefully in his bed. The system he created would endure for centuries. Yet, despite his exceptional success, he is a difficult man to pin down, and far less well-known than his great-uncle, Julius Caesar. His story is not always edifying: he murdered his opponents, exiled his daughter when she failed to conform and freely made and broke alliances as he climbed ever higher. However, the peace and stability he fostered were real, and under his rule the empire prospered. Adrian Goldsworthy examines the ancient sources to understand the man and his times.

A sweeping biography of Rome's first emperor follows Augustus Caesar as he transformed the Roman Republic into the world's greatest empire, consolidating and expanding Roman power into every aspect of the known world of his time, and examines his life in the context of the world in which he lived. By the author of Cicero. Reprint. 35,000 first printing.

This "captivating biography" of the great Roman general "puts Caesar's war exploits on full display, along with his literary genius" and more (The New York Times) Tracing the extraordinary trajectory of the Julius Caesar's life, Adrian Goldsworthy not only chronicles his accomplishments as charismatic orator, conquering general, and powerful dictator but also lesser-known chapters during which he was high priest of an exotic cult and captive of pirates, and rebel condemned by his own country. Goldsworthy also reveals much about Caesar's intimate life, as husband and father, and as seducer not only of Cleopatra but also of the wives of his two main political rivals. This landmark biography examines Caesar in all of these roles and places its subject firmly within the context of Roman society in the first century B.C. Goldsworthy realizes the full complexity of Caesar's character and shows why his political and military leadership continues to resonate thousands of years later.

More than two thousand years after his death, Julius Caesar remains one of the great figures of history. He shaped Rome for generations, and his name became a synonym for "emperor" -- not only in Rome but as far away as Germany and Russia. He is best known as the general who defeated the Gauls and doubled the size of Rome's territories. But, as Philip Freeman describes in this fascinating new biography, Caesar was also a brilliant orator, an accomplished writer, a skilled politician, and much more. Julius Caesar was a complex man, both hero and villain. He possessed great courage, ambition, honor, and vanity. Born into a noble family that had long been in decline, he advanced his career cunningly, beginning as a priest and eventually becoming Rome's leading general. He made alliances with his rivals and then discarded them when it suited him. He was a spokesman for the ordinary people of Rome, who rallied around him time and again, but he profited enormously from his conquests and lived opulently. Eventually he was murdered in one of the most famous assassinations in history. Caesar's contemporaries included some of Rome's most famous figures, from the generals Marius, Sulla, and Pompey to the orator and legislator Cicero as well as the young politicians Mark Antony and Octavius (later Caesar Augustus). Caesar's legendary romance with the Egyptian queen Cleopatra still fascinates us today. In this splendid biography, Freeman presents Caesar in all his dimensions and contradictions. With remarkable clarity and brevity, Freeman shows how Caesar dominated a newly powerful Rome and shaped its destiny. This book will captivate readers discovering Caesar and ancient Rome for the first time as well as those who have a deep interest in the classical world.

The first Emperor of Rome holds a perennial fascination for anyone with an interest in the Romans and their Empire. Augustus was a truly remarkable man who brought peace after many years of civil wars and laid the foundations of an Empire that lasted for nearly five centuries. Even today the Roman world still underpins modern society. This revised edition of Augustus incorporates new thinking on many aspects of his rule, and how he achieved such power. The image that he projected of himself and his achievements was benign, hopeful, and heroic, but behind this carefully orchestrated self-promotion he was subtle, clever, scheming and ruthless. He has been labelled as a saviour and as a mafia boss. This account of his life shows how he successfully combined the two extremes.

On March 15th, 44 BC a group of senators stabbed Julius Caesar, the dictator of Rome. By his death, they hoped to restore Rome's Republic. Instead, they unleashed a revolution. By December of that year, Rome was plunged into a violent civil war. Three men--Mark Antony, Lepidus, and Octavian--emerged as leaders of a revolutionary regime, which crushed all opposition. In time, Lepidus was removed, Antony and Cleopatra were dispatched, and Octavian stood alone as sole ruler of Rome. He became Augustus, Rome's first emperor, and by the time of his death in AD 14 the 500-year-old republic was but a distant memory and the birth of one of history's greatest empires was complete. Rome's

Revolution provides a riveting narrative of this tumultuous period of change. Historian Richard Alston digs beneath the high politics of Cicero, Caesar, Antony, and Octavian to reveal the experience of the common Roman citizen and soldier. He portrays the revolution as the crisis of a brutally competitive society, both among the citizenry and among the ruling class whose legitimacy was under threat. Throughout, he sheds new light on the motivations that drove men to march on their capital city and slaughter their compatriots. He also shows the reasons behind and the immediate legacy of the awe inspiringly successful and ruthless reign of Emperor Augustus. An enthralling story of ancient warfare, social upheaval, and personal betrayal, Rome's Revolution offers an authoritative new account of an epoch which still haunts us today.

A riveting new biography of Caesar Augustus, Rome's first emperor and one of the most influential men in history

The author discusses how the Roman Empire--an empire without a serious rival--rotted from within, its rulers and institutions putting short-term ambition and personal survival over the wider good of the state.

Bestselling classical historian Barry Strauss delivers "an exceptionally accessible history of the Roman Empire...much of Ten Caesars reads like a script for Game of Thrones" (The Wall Street Journal)--a summation of three and a half centuries of the Roman Empire as seen through the lives of ten of the most important emperors, from Augustus to Constantine. In this essential and "enlightening" (The New York Times Book Review) work, Barry Strauss tells the story of the Roman Empire from rise to reinvention, from Augustus, who founded the empire, to Constantine, who made it Christian and moved the capital east to Constantinople. During these centuries Rome gained in splendor and territory, then lost both. By the fourth century, the time of Constantine, the Roman Empire had changed so dramatically in geography, ethnicity, religion, and culture that it would have been virtually unrecognizable to Augustus. Rome's legacy remains today in so many ways, from language, law, and architecture to the seat of the Roman Catholic Church. Strauss examines this enduring heritage through the lives of the men who shaped it: Augustus, Tiberius, Nero, Vespasian, Trajan, Hadrian, Marcus Aurelius, Septimius Severus, Diocletian, and Constantine. Over the ages, they learned to maintain the family business--the government of an empire--by adapting when necessary and always persevering no matter the cost. Ten Caesars is a "captivating narrative that breathes new life into a host of transformative figures" (Publishers Weekly). This "superb summation of four centuries of Roman history, a masterpiece of compression, confirms Barry Strauss as the foremost academic classicist writing for the general reader today" (The Wall Street Journal).

The Roman Revolution is a profound and unconventional treatment of a great theme - the fall of the Republic and the decline of freedom in

Access Free Augustus From Revolutionary To Emperor English Edition

Rome between 60 BC and AD 14, and the rise to power of the greatest of the Roman Emperors, Augustus. The transformation of state and society, the violent transference of power and property, and the establishment of Augustus' rule are presented in an unconventional narrative, which quotes from ancient evidence, refers seldomly to modern authorities, and states controversial opinions quite openly. The result is a book which is both fresh and compelling.
