India, bounded by the majestic Himalayan ranges in the North and edged by an endless stretch of golden beaches, is the land of hoary tradition and cultural diverse. Vivid kaleidoscope of landscapes, glorious historical sites and royal cities, misty mountain hideaways, colourful people, rich civilizations and festivities craft India Incredible. Recent years have witnessed the educational scene, especially the higher education sector in the State undergoing a sea change in respect of quality, diversity and accessibility in tune with the global trends. Kerala's surge in the educational front is to be viewed in the backdrop of the country's great legacy in education. India has been a major seat of learning for thousands of years. The country was home to Takshashila, the first university in the world and Aryabhama, the inventor of the digit Zero. In fact, education in Kerala has now become more value added and affordable, thanks to the pro-active initiatives of the State Government and active involvement of the private sector. Moreover, in the higher education market, Kerala has a significant edge in respect of cost which means that there would be growing influx of candidates into the state from outside the state for better and affordable professional education in the days to come. With the most sought after professionals and excellent network of institutes Kerala is becoming the very preferred educational destination in the world. And, we are equipped for you with some elucidations which step-up her significance in the educational map. In Campus Plus, we propose some valuable information along with a number of educational institutes in the State which will be useful for the students and parents in the higher education scenario.

Competition Science Vision (monthly magazine) is published by Pratiyogta Darpan Group in India and is one of the best Science monthly magazines available for medical entrance examination students in India. Well-qualified professionals of Physics, Chemistry, Zoology and Botany make contributions to this magazine and craft it with focus on providing complete and to-the-point study material for aspiring candidates. The magazine covers General Knowledge, Science and Technology news, Interviews of toppers of examinations, study material of Physics, Chemistry, Zoology and Botany with model papers, reasoning test questions, facts, quiz contest, general awareness and mental ability test in every monthly issue.

It is very hard for me to explain that dark period of my life. After I came out of the party, I ran. I ran a lot; I don't know how many kilometers I had covered, or who was crying, me or my heart. Then I found myself on a bridge on that terrible night, and as I looked around, it was dark, calm, and silent. Hence I started crying again. I couldn't control the tears which were rolling down my cheeks. Even my heart was drenched in the storm. Why am I crying? I asked myself. I was unable to understand what I should go back for. As I looked around, it was barren, all barren like my life, and finally, I moved towards my residence. As I closed my door a sudden thought struck my mind. If he does come, how do I welcome him? Look at the madness I am still in! As I entered my flat I found that everything was wrecked. My bedroom was open, and I rushed towards it. The mattress was torn open, the bedsheet was in tatters. The mirror was shattered. Everything was ruined, and I thought to call the police. Then suddenly I saw a diary on the corner of the bed and a red "Pierre Cardin" pen. Then I realized that all this wreckage was done by him. Each thing that we had shared was either broken or torn by him. And he had left that diary for me to understand what had happened to him and his journey till then. But was he interested in my journey and how I lived it without him?

This book is the most well-organised, useful and up to date about career guidance for all students.Covering more than 100 topics in fields that range from school to college. Students can check at a glance summary for chosen careers to learn about career paths, examinations and more. Today, We live and breathe in the information age where all knowledge is at our fingertips, but students get confused choosing career from the wide array of career fields available after 10th &12th standard. All the career options have been given in this book. I have included here- 1. Choosing a Career-----1. 2. After 10th Standard -----5. 2.1. HSC-----5. 2.2. Diploma in Engineering (Polytechnic)-----7. 2.3. ITI-----10. 2.4. PARAMEDICAL -----11. 3. After 12th Standard (Undergraduate Courses) -----15. 3.1. Engineering (B.E. / B.Tech)-----15. 3.2.
