Book review - Canadian Journal of Civil Engineering

The Canadian Journal of Development Studies (CJDS) publishes book reviews and thematic review essays of multiple books to keep readers informed on new research on international development theory, policy and practice. We also publish reviews of development reports and other forms of development media that are relevant to the journal's multidisciplinary and international readership.

Canadian Journal of Development Studies: Contribute a Book ...

The Canadian Journal of Linguistics aims to publish critical analyses of books published in the last two years in order to promote these books, and their contribution to the field, to the linguistic community. To accomplish this goal, we expect that each review will go beyond a summary of the content of the book and will focus on one of the areas in the following paragraphs. (Alternate foci may be permitted upon discussion with the Book Review Editor.)

The following is an example of a critical book review to help you identify the central elements of a critical book review as well as to provide you with some tips on how to make sure that your book review is well-structured and has a good logical flow.

Canadian Journal of Political Science Book Review

The book notes and continues to suffer from “a dearth of quantitative information on the relations between elements in the soil and human health” (Oliver, 1997, as quoted by Brevik and Pereg page 10). The need for continued work aimed at providing quantitative connections among soils, plants, animals, and humans is evident in this book.
