"Why are you learning Zulu?" When Mark Sanders began studying the language, he was often asked this question. In Learning Zulu, Sanders places his own endeavors within a wider context to uncover how, in the past 150 years of South African history, Zulu became a battleground for issues of property, possession, and deprivation. Sanders combines elements of analysis and memoir to explore a complex cultural history. Perceiving that colonial learners of Zulu saw themselves as repairing harm done to Africans by Europeans, Sanders reveals deeper motives at work in the development of Zulu-language learning—from the emergence of the pidgin Fanagalo among missionaries and traders in the nineteenth century to widespread efforts, in the twentieth and twenty-first centuries, to teach a correct form of Zulu. Sanders looks at the white appropriation of Zulu language, music, and dance in South African culture, and at the association of Zulu with a martial masculinity. In exploring how Zulu has come to represent what is most properly and powerfully African, Sanders examines differences in English- and Zulu-language press coverage of an important trial, as well as the role of linguistic purism in xenophobic violence in South Africa. Through one person's efforts to learn the Zulu language, Learning Zulu explores how a language's history and politics influence all individuals in a multilingual society.

It is no easy task to adopt a child, especially across different races, nor is it easy to be adopted. Jake and Nkanyiso have to work much harder than either of them probably expected to become a family of two. Just as they are becoming settled after some trials, Nkanyiso informs his adopted father that a male teacher has been sexually harassing him at school. Jake does his best to protect his adopted son, but neither of them is really prepared for the onslaught when Jake complains to the school. Each of them has to deal with the others different world view. Jakes respect for Zulu customs does not extend to funding Nkanyisos mothers training to become an isangoma; money is too tight. Nkanyiso wants to believe that no spirit can harm him, as Jake says; but the dark sorcerer hounds him continually, and he starts to despair. It is a story of bad things happening to ordinary people. An adopted father and an adopted son against the background of a country still coming to terms with democracy.

South Africa is known to have many tribes, and each has its own belief system. Shaka Zulu was a leader who united South African tribes. How did he do it? Reading his life story will help you understand the traits of a true leader. Would you like to unite peoples when you grow up? Then be inspired by biography book for kids age 9 to 12.

In post-apartheid South Africa, a Zulu boy keeps secrets from his family as he cares for an injured dog and befriends the daughter of a white farmer.

This gifted and talented test preparation book contains a full-length practice test, which provides gifted and talented CogAT test preparation for 2nd grade students. This Level 8 (Grade 2) test will prepare your child for the Cognitive Abilities Test (CogAT(R)), an assessment measuring giftedness.

This volume assesses the evidence, and possible mechanisms, for the associations between women's education, fertility preferences, and fertility in developing countries, and how these associations vary across regions. It discusses the implications of these associations for policies in the population, health, and education sectors, including implications for research.
