Charlie O'Shields is the creator of Doodlewash®, founder of World Watercolor Month in July, and host of the Sketching Stuff podcast. Every single day, for over three years, he created a watercolor illustration and wrote a short essay about whatever came to mind that day and posted it on his blog. These are some of the collected favorites along with some brand new musings. With over 180 illustrations, this book is part personal memoir and sometimes just a randomly fun romp through the sillier bits of this crazy world we all inhabit. Written to take on the impossible task of inspiring creativity, unleashing your inner child, and instilling hope, it will, at the very least, make you smile and touch your heart.
