The goal of this book is simple: to provide inspiration to others, so they can build a solid business and grow it into a billion-dollar company. Just as Richard Scrusby took this idea and turned it into a real, tangible product, his book shows you how to take your big idea and turn it into a real, profitable venture. It begins with a dream that you can only pursue by overcoming the fear of the unknown-obstacles, failures, humiliations-whatever form they may take, they can no longer stand in your way. Let Scrusby inspire and encourage you to take that first leap of faith. From there, it is a matter of making the math work, finding the money to get the ball rolling, building the management team, and taking your idea all the way to the top. Scrusby will show you what has worked for him in his two decades of experience, and he will help you avoid the same mistakes he made so that you can overcome obstacles on your climb to the top. With Scrusby as your guide, you're sure to enjoy and learn from his life experience while building your own billion-dollar company.
