Knucklehead by Scieszka, Jon

In his autobiography, Knucklehead: Tall Tales and Almost True Stories of Growing Up Scieszka, he writes that his inspiration for much of his work comes from the "strange things" that happened to him while growing up with his brothers. Scieszka creates outlines for the books of his Time Warp Trio series for structural reasons. When writing other books, however, he says, "Anything goes.

It's the start of the school year, and nothing feels right to Justin. He didn't get the teacher he wanted, he's not in the same class as his best friend, and his little sister, Elizabeth, is starting kindergarten at his school. Elizabeth doesn't seem nervous at all. Justin is very nervous about third grade. And to top it off, he's lost his favorite stuffed animal, but he can't tell anyone, because technically he's too old to still have stuffed animals.

Right? Here is third grade in all its complicated glory—the friendships, the fears, and the advanced math. Acclaimed author Rachel Vail captures third grade with a perfect pitch, and Matthew Cordell's line art is both humorous and touching. As Justin bravely tries to step out of his shell,

he will step into readers' hearts. Justin Case is a 2011 Bank Street - Best Children's Book of the Year.

Sent to live with relatives on their farm because of his unhappy home life, an eleven-year-old city boy meets his distant cousin Harris and is given an introduction to a whole new world.

Alex, whose birthday it is, hijacks a story about Birthday Bunny on his special day and turns it into a battle between a supervillain and his enemies in the forest--who, in the original story, are simply planning a surprise party.

Donalyn Miller says she has yet to meet a child she couldn't turn into a reader. No matter how far behind Miller's students might be when they

reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. The book includes a dynamite list of recommended "kid lit" that helps parents and teachers find the books that students really like to read.
