Lorenzo Carcaterra is a gifted storyteller. His vivid descriptions of people, places, and events transport the reader into the dark underworld of the early- to mid-twentieth-century New York mafia. His characters are complex, and at once despicable and worthy of admiration. I'll be adding this author to my list of favorites.

#1 NEW YORK TIMES BESTSELLER □ The extraordinary true story of four men who take the law into their own hands. This is the story of four young boys. Four lifelong friends. Intelligent, fun-loving, wise beyond their years, they are inseparable. Their potential is unlimited, but they are content to live within the closed world of New York City's Hell's Kitchen. And to play as many pranks as they can on the denizens of the street. They never get caught. And they know they never will. Until one disastrous summer afternoon. On that day, what begins as a harmless scheme goes horrible wrong. And the four find themselves facing a year's imprisonment in the Wilkinson Home for Boys. The oldest of them is fifteen, the youngest twelve. What happens to them over the course of that year—brutal beatings, unimaginable humiliation—will change their lives forever. Years later, one has become a lawyer. One a reporter. And two have grown up to be murderers, professional hit men. For all of them, the pain and fear of Wilkinson still rages within. Only one thing can erase it. Revenge. To exact it, they will twist the

legal system. Commandeer the courtroom for their agenda. Use the wiles they observed on the streets, the violence they learned at Wilkinson. If they get caught this time, they only have one thing left to lose: their lives. Praise for Sleepers "Undeniably powerful, an enormously affecting and intensely human story . . . Sleepers is a thriller, to be sure, but it is equally a wistful hymn to another age." The Washington Post Book World "A powerful book, hard to forget . . . Carcaterra is an excellent writer, changing pace here and there but never letting the reader go. . . . Sensitive, humorous, and harrowing, featuring dialogue with perfect pitch." The Denver Post "A gut-wrenching piece of work . . . [Lorenzo] Carcaterra's graphic narrative grips like gunfire in a dark alley." The Atlanta Journal-Constitution "A terrifying account of brutality and retribution, searing in its emotional truth, peopled with murderers, sadists, and thugs, but biblical in its passion and scope." People

Payback is personal for a former NYPD detective taking on a corrupt cop and a dirty accounting firm in this adrenaline-laced thriller from the #1 New York Times bestselling author of Sleepers and Tin Badges. "Carcaterra's keen eye and deft style bring New York City to stunning life. A brilliant thriller by one of the all-time greats."--Jeffery Deaver, #1 internationally bestselling author If there's one kind of person Tank Rizzo hates most in this world, it's a dirty cop. Criminals are at least honest about being dishonest; dirty cops are a disgrace to the badge they carry. Detective Eddie Kenwood is one such disgrace. He's got the highest signed-confession rate in the NYPD and a distinguished career built on putting men behind bars--whether they're guilty or not doesn't matter much to him. When Tank's partner, Pearl, tells him about an old family friend Kenwood put in jail for a murder he didn't commit, Tank and Pearl vow to take Kenwood down. Also in need of a takedown: the money-laundering accounting firm where Tank's brother used to work--before he mysteriously died, leaving Tank the sole guardian of his nephew, Chris. Chris smells a rat, and enlists Tank's help to bring the men who had his father killed to justice. Working two big cases means getting out the big guns, and Tank assembles his A-team. With help from a retired mobster, a professional boxer, a Chelsea psychic, a dog named Gus, and the U.S. Attorney--not to mention his and Pearl's own quick wits and Chris's burgeoning skills as a computer whiz--Tank gears up to take on his most dangerous and personal cases to date.

Fleeing his father and a shadowy past, Angelo Vestieri finds a second family in early twentieth-century New York's mob, where he encounters dangerous betrayals and an abandoned boy in need of a father figure.

From the bestselling author of Sleepers and former writer/producer of Law & Order comes another high-octane New York City crime drama pulsing with energy. In Lorenzo Carcaterra's Chasers, the street-smart and highly specialized cadre of renegade NYPD cops last depicted in his acclaimed novel Apaches returns in a new tale of action and suspense. It's 1985, and the city that never sleeps is about to wish it had stayed in bed. The heinous machine-gun murder of innocent bystanders in a Manhattan restaurant shocks all five boroughs. The brutal slaying propels the surviving members of the Apaches--controversial, take-'em-down, outside-the-law ex-cops--into investigating a Colombian drug cartel responsible for distributing millions of kilos of cocaine on American shores. Along for the harrowing ride with Boomer, Dead-Eye, and Reverend Jim are three new Apaches: Ash, a wounded female Hispanic cop who specializes in arson investigations; Quincy, an HIV-positive recruit who's a forensics expert; and a retired police dog named Buttercup, a Neapolitan bullmastiff who is no ordinary animal but a gold-shield detective, highly decorated for his skills at sniffing out illegal drugs. Now this dedicated team will become Chasers, working multiple cases that will converge into one explosive, all-out street war. They will face a gallery of formidable enemies: Quinones, a mysterious and deadly assassin; the Boiler Man, a killer as ruthless as he is cunning; Angel, a former priest turned cartel boss,

determined to end his career as the richest drug baron in the world; and the G-Men, a band of dealers and doers determined to maintain their iron grip on the cocaine trade—no matter how much blood is spilled. Fueled by Lorenzo Carcaterra's adrenaline-rush prose and peopled with uncommon heroes and merciless crime lords tearing through city streets, *Chasers* proves to be this acclaimed author's most intense novel to date.

“As nourishing as a three-course Italian feast, this is a fierce, moving tribute to the ties that bind.” *People (Book of the Week)* The #1 New York Times bestselling author of *Sleepers* offers a heartfelt homage to the women who taught him courage, kindness, and the power of storytelling: his mother, his grandmother, and his late wife. Standing with his children near his grandmother's grave on a recent trip to Ischia, an island off the coast of Naples, Lorenzo Carcaterra realized how much of his life has been shaped by the women who taught him how to look for joy and overcome sorrow. This book is his tribute to them. Nonna Maria, his grandmother, gave him his first taste of a loving home during the summers he spent with her as a teenager on Ischia. With her kindness, her humor, and the same formidable strength she employed to make secret trips for food when the Nazis occupied Ischia during World War II, she instilled in him the importance of community, providing shelter for a boy whose home life was difficult. His mother, Raffaella, dealt with daily hardships: a loveless and abusive marriage, the burden of debt, and a life of dread. Though the lessons she taught were harsh, they would drive Lorenzo from the world they shared to the better one she always prayed he would find. The third woman is his wife, Susan, a gifted editor and his professional champion. Their marriage lasted three decades before her death from lung cancer in 2013. While their upbringings were wildly different, their love and friendship never wavered—and neither did her faith in Lorenzo's talent and potential as a writer.

Naples, Italy, during four fateful days in the fall of 1943. The only people left in the shattered, bombed-out city are the lost, abandoned children whose only goal is to survive another day. None could imagine that they would become fearless fighters and the unlikeliest heroes of World War II. They are the warriors immortalized in *Street Boys*, Lorenzo Carcaterra's exhilarating new novel, a book that exceeds even his bestselling *Sleepers* as a riveting reading experience. It's late September. The war in Europe is almost won. Italy is leaderless, Mussolini already arrested by anti-Fascists. The German army has evacuated the city of Naples. Adults, even entire families, have been marched off to work camps or simply sent off to their deaths. Now, the German army is moving toward Naples to finish the job. Their chilling instructions are: If the city can't belong to Hitler, it will belong to no one. No one but children. Children who have been orphaned or hidden by parents in a last, defiant gesture against the Nazis. Children, some as young as ten years old, armed with just a handful of guns, unexploded bombs, and their own ingenuity. Children who are determined to take on the advancing enemy and save the city—or die trying. There is Vincenzo Soldari, a sixteen-year-old history buff who is determined to make history by leading others with courage and self-confidence; Carlo Maldini, a middle-aged drunkard desperate to redeem himself by adding his experience to the raw exuberance of the young fighters; Nunzia Maldini, his nineteen-year-old daughter, who helps her father regain his self-respect—and loses her heart to an American G.I.; Corporal Steve Connors, a soldier sent out on reconnaissance, then cut off from his comrades—with no choice but to aid the street boys; Colonel Rudolph Van Klaus, the proud Nazi commander shamed by his own sadistic mission; and, of course, the dozens of young boys who use their few skills and great heart to try to save their city, their country, and themselves. In its compassionate portrait of the rootless young, and its pitiless portrayal of the violence that is at once their world and their way out, *Street Boys* continues and deepens Lorenzo Carcaterra's trademark themes. In its awesome scope and pure page-turning excitement, it stands as a stirring tribute to the underdog in us all—and as a singular addition to the novels about World War II.

"Dramatic, graphic and wrenching...The reader is left to wonder--at the devastation of Carcaterra's youth, at his survival to adulthood, and at the grace that allowed him to craft this piercing memoir." *THE*

WASHINGTON POST Lorenza Carcaterra grew up in Hell's Kitchen, New York in the 1950s and '60s in a confusing world of love and fear of his paradoxically violent and affectionate father. Then Lorenzo learned that his father had murdered his first wife. And he wondered how he could love his father again. Did he possess the same murderous fury; would he someday suddenly lash out at those he loved? As his father's physical abuse escalated, Lorenzo sought frantically for a safe place...a place where he could find hope and reconciliation and peace, where his father's terrible shadow no longer lingered. Now, decades later, Lorenzo has finally come to terms with the awful truth about his father. A SAFE PLACE is the brilliant result.

That was my mistake.

In the follow-up to *Speak of the Dead*, New York City private detective Fritz Malone becomes embroiled in an explosive murder case when his neighbor, Robin Burrell--a witness at the trial of late-night TV celebrity Marshall Fox, accused of killing two women--turns up dead, killed in the same manner as the two prior victims.
