The hard SF is spot on, with well developed characters - some you love and others you love to hate.

And the scenes where Andy juggles the responsibilities of fatherhood with his duties are refreshing and extremely well written. You won't want to miss either Lyssa's Dream nor the story's continuation in Lyssa's Run.

Lyssa's Dream - A Hard Science ...
Lyssa's Dream is moderately
paced, balanced between character
and action. It's intelligent without
wallowing in tangential musings.
It's gritty without grinding down
the telling in Clancy-esque
technology description. Most of all,
I'm dying to know what happens
next, because Aaron makes these
real, complex characters plug
straight into your heart.
