Universally acclaimed when first published in 1955, *The Man in the Gray Flannel Suit* captured the mood of a generation. Its title — like *Catch-22* and *Fahrenheit 451* — has become a part of America's cultural vocabulary. Tom Rath doesn't want anything extraordinary out of life: just a decent home, enough money to support his family, and a career that won't crush his spirit. After returning from World War II, he takes a PR job at a television network. It is inane, dehumanizing work. But when a series of personal crises force him to reexamine his priorities — and take responsibility for his past — he is finally moved to carve out an identity for himself. This is Sloan Wilson's searing indictment of a society that had just begun to lose touch with its citizens. *The Man in the Gray Flannel Suit* is a classic of American literature and the basis of the award-winning film starring Gregory Peck. "A consequential novel." — *Saturday Review*

This sequel to *The Man in the Gray Flannel Suit* finds Tom Rath, ten years later, embarking on a new career, a new life in the country, and eventually facing the most important discovery of his life

First published in 1958 and then turned into a film of the same name in 1959 featuring Troy Donahue, Sandra Dee, Dorothy McGuire and Richard Egan, this classic romance is available for the first time in ebook format. Ken and Sylvia met twice at the Summer Place. The first summer they were in their teens. Their intimacy was without love. They'd met too early. The second summer they shouldn't have fallen in love...and did. They were in their thirties-married-each with children. Had they met too late? Ken and Sylvia decided to break two marriages to make the one they wanted together. They almost broke a third that hadn't even started yet. Because Ken's daughter and Sylvia's son met at the Summer Place. They were in their teens. For them, it was neither too early nor too late. This novel is about how marriages are made on earth-and unmade. It is about the price people pay for changing their minds about love.

In a tour de force of historical reportage, Timothy Egan ' s National Book Award–winning story rescues an iconic chapter of American history from the shadows. The dust storms that terrorized the High Plains in the darkest years of the Depression were like nothing ever seen before or since. Following a dozen families and their communities through the rise and fall of the region, Timothy Egan tells of their desperate attempts to carry on through blinding black dust blizzards, crop failure, and the death of loved ones. Brilliantly capturing the terrifying drama of catastrophe, he does equal justice to the human characters who become his

heroes, “ the stoic, long-suffering men and women whose lives he opens up with urgency and respect ” (New York Times). In an era that promises ever-greater natural disasters, The Worst Hard Time is “ arguably the best nonfiction book yet ” (Austin Statesman Journal) on the greatest environmental disaster ever to be visited upon our land and a powerful reminder about the dangers of trifling with nature. This e-book includes a sample chapter of THE IMMORTAL IRISHMAN.

Discusses the major literary works of the 1950s, which introduced new forms and dealt with such controversial topics as racial discrimination, religious differences, and social class.

A former CIA agent's thrilling novel about two compassionate CIA spies, who, at the risk of their respective careers, both try to keep their informants out of harms way.

Description: TV Still (Movie).

Traces the career of the actor who starred in such film classics as "Roman Holiday," "Horatio Hornblower," and "To Kill a Mockingbird," revealing the many personal roles he has played in his life, from husband and friend to dedicated activist.
