This Book has comprehensive General Knowledge about Maharashtra for the Candidates of Curious Competitive Exams.

The Mental Ability, Logical Reasoning & Problem Solving Compendium for IAS Prelims General Studies Paper 2 & State PSC Exams is the 3rd of the 3 books for Paper 2. It is an exhaustive work capturing all the important topics being asked in the last few years of the IAS Prelim exam. The book is divided into chapters which contains detailed theory explaining all concepts with proper examples along with Practice Exercise. The Exercise covers the fully solved past CSAT questions from 2011 onwards. In all the book contains 1500+ MCQs with detailed solutions.

Machine learning (ML) and deep learning (DL) algorithms are invaluable resources for Industry 4.0 and allied areas and are considered as the future of computing. A subfield called neural networks, to recognize and understand patterns in data, helps a machine carry out tasks in a manner similar to humans. The intelligent models developed using ML and DL are effectively designed and are fully investigated bringing in practical applications in many fields such as health care, agriculture and security. These algorithms can only be successfully applied in the context of data computing and analysis. Today, ML and DL have created conditions for potential developments in detection and prediction. Apart from these domains, ML and DL are found useful in analysing the social behaviour of humans. With the advancements in the amount and type of data available for use, it became necessary to build a means to process the data and that is where deep neural networks prove their importance. These networks are capable of handling a large amount of data in such fields as finance and images. This book also exploits key applications in Industry 4.0 including: - Fundamental models, issues and challenges in ML and DL. - Comprehensive analyses and probabilistic approaches for ML and DL. - Various applications in healthcare predictions such as mental health, cancer, thyroid disease, lifestyle disease and cardiac arrhythmia. - Industry 4.0 applications such as facial recognition, feather classification, water stress prediction, deforestation control, tourism and social networking. - Security aspects of Industry 4.0 applications suggest remedial actions against possible attacks and prediction of associated risks. - Information is presented in an accessible way for students, researchers and scientists, business innovators and entrepreneurs, sustainable assessment and management professionals. This book equips readers with a knowledge of data analytics, ML and DL techniques for applications defined under the umbrella of Industry 4.0. This book offers comprehensive coverage, promising ideas and outstanding research contributions, supporting further development of ML and DL approaches by applying intelligence in various applications.

A number of national level examinations like IAS Mains, State PCS, IES, IFS, etc. check the English language aptitude of candidates with a compulsory English language paper. This book has been designed for such examinations which assess the English language abilities in detail. The present book covering English Language in descriptive nature has been divided into four parts namely Writing Skills, Comprehension Skills, Grammar Skills & Verbal Skills. Part A has been further divide into Essay Writing, Expansion Writing, Report Writing, Precis Writing and Letter Writing. The Verbal Skills section covers Paronyms & Homonyms, One Word Substitutions, Synonyms & Antonyms, Phrasal Verbs, etc. whereas the Grammar Skills section covers The Function of Tenses, Voice, Narration, Synthesis, Prepositions, etc. Each chapter in the book contains detailed theory including a number of sample examples in a simple & easier way to understand the topics well. Workbook Exercises have been provided in between the chapters for Part B, C & D to help aspirants practice the concepts discussed in each chapter. Answers for all the questions have been given at the end of the section. As the book covers varied aspects of English language, it for sure will help aspirants score high in the upcoming national and state level competitive and recruitment examinations.

The examinations of the present era are becoming tough nuts to crack with the rise of every Sun on the academic horizon of the world. The tests related to General Mental Ability have also received greater attention of papersetters. Thus, these tests would be more difficult in test session commencing from 2002 AD. We, at RPH, decided to give an edge to the candidates such examinations. We worked hard for more than a year on the manuscript of this volume. What finally turned out to be, was a systematic and neatly planned compendium, exclusively dedicated to general mental ability tests. Students preparing of entrance test and competitive examination of MBA, CDS, NDA, CAT, MAT, CMAT, RRB, SCRA, SBIPO, SSC EXAMS, UPSC, GMAT, GINDOMAT, IBPSCWE, B.Ed. etc., would find it to be a boon for themselves. This systematic study and practice will help them succeed in their examinations. On behalf of publishers, we wish you all the best for your forthcoming examinations.

Annotation Guaranteed methods to score 80% to 100% or your money back.

The Coalition Years begins its journey in 1996 and explores the highs and lows that characterized sixteen years of one of the most tumultuous periods in the nation's political history. It is an insightful account of the larger governance phenomenon in India-coalition politics-as seen through the eyes of one of the chief architects of the post-Congress era of Indian politics.
