The World`S Most Detailedand Comprehensive Persian-English Dictionary.

All people believe in fate and all people accept the greatness of karma. Generally, we put the blame of any failure on fate and accept it by stating that it was our bad luck; but the writer of this book, who became a writer and litterateur and then, become a politician and is serving the masses now, has proved in a very logical manner that whenever someone has worked very hard, bad luck has not been able to harm him in any way. By reading this unique book, which has been written in a very interesting style, you would feel that a new hope has started flowing in your life and that a new self-confidence has started flowing in your own self. You would see that every goal of yours is very much within your control.

Can she cook up the perfect recipe for love? Jolie Gardener, personal chef by day, aspiring romance writer by night, likes to talk and does it a lot. She has to because if she stops, all the pain, disillusionment, and abandonment of her AWOL mother, question-mark father, and foster-care childhood will rise up like a chocolate soufflé on steroids, sweeping away the fragile infrastructure of her life. But she's fine. Really. She is. Or so she thinks. Todd Best isn't fine. He knows it. And doesn't care. After his wife died—the woman who believed in him when he was a struggling artist—he put painting aside, moved from their home, and lost himself in the minutiae of daily life. Alone. Private. The way he likes it. The last thing he needs is some chatty cook seeping into the perfectly bland canvas of his life. Or so he thinks. So when Jonathan, a guardian-angel-in-training, turns himself into a kitten to help these two lonely souls find a happily ever after together, it ought to be a piece of cake. Or so he thinks... *** Praise for Judi Fennell's stories: "Fun and flirty. Judi Fennell will make you believe in ... the magic of happily ever after." ~ Jennifer Estep, USA Today best-selling author "Readers will adore the joy and humor and romance from Judi Fennell's creative pen." ~ Jill Barnett, New York Times best-selling author "Fennell's light and lively writing is full of humor and cleverness." ~ Publishers Weekly, 9/15/11

The first book on Christian apologetics written by a leading atheist figure that teaches Christians the best and worst arguments for defending their faith against attack The Christian faith has been vigorously defended with a variety of philosophical, historical, and theological arguments, but many of the arguments that worked in an earlier age no longer resonate in today's educated West. Where has apologetics gone wrong? What is the best response to the growing challenge presented by scientific discovery and naturalistic thought? Unlike every work on Christian apologetics that has come before, How to Defend the Christian Faith is the first one written by an atheist for Christians. As a former Christian defender who is now a leading atheist thinker, John Loftus answers these questions and more. He shows readers why Christian apologists have failed to reach the intelligent nonbeliever and offers practical advice for Christians, whether they want to better defend their faith against atheist arguments, or actively convert more individuals to Christianity.

Do not let the title Kelly Tough fool you. This is not a "be all you can be, no pain-no gain" story. Toughness is overrated. And being Kelly Tough, well, you are about to find out what that really means and why it just might matter to you. Kelly Tough is a story of love and hope: a love between a father and a daughter—Buffalo Bill's former quarterback, Jim Kelly, and his oldest daughter Erin. Erin shares a deeply personal account of the love a family can have for each other during the darkest times, and a greater love that a heavenly Father has for you. Whatever circumstance or heartbreak you find yourself overwhelmed by right now, it is not the end of the story. In fact, it just might be one of the greatest chapters as you, like the Kelly's, find strength in weakness, hope in the midst of heartache, and joy in spite of suffering.
