If you've got your hands on this year's hottest new smartphone, you'll want the book that covers it inside and out: Palm Pre: The Missing Manual. This beautiful, full-color book from USA Today personal-technology columnist Ed Baig will help you go from newcomer to expert in no time. The maker of the legendary Palm Pilot is back on center stage with a smartphone that lets you browse the Web, listen to music, watch video, view pictures, and a lot more. Palm Pre: The Missing Manual provides you with everything you need to know to get the most out of this amazing mobile tool. Get to know the touchscreen, and learn to navigate by tapping, swiping, dragging, flicking, and pinching Link your contacts, merge calendars, combine email accounts, and more by syncing your phone over the Web Stay in touch with other people by using the Pre as a full-featured phone and organizer Use it for email, texting, chatting, and as an efficient web browser Take advantage of the Pre as a complete media center to store, sort, play, stream music and video, and sync with iTunes Take and view photos, import images, and share them with others

The brand new Centro is a full-featured Palm Smartphone designed to target the consumer and youth digital lifestyle market. Palm Centro gives the user voice, text, IM, email and web, in one, small, convenient package. The Centro has a color touchscreen and a full keyboard, so users can say goodbye to those tricky keys on their cell phones. Look up maps and directions on Google Maps, shoot photos and video, meet up with friends on MySpace, check out photos on Flickr, this new smartphone can do almost anything, and this unique, full-color book documents it all with at-a-glance tips, tutorials, and techniques. This pocket-sized and portable guide comes jam-packed with new things you can do on your Centro that are not disclosed in the PDF manuals. Master one topic quickly and easily and then move on to the next because everything is a one-to-five minute tip or technique. Now You Know Centro is meant to be fast and simple, allowing you to practice on your handheld while you read. You'll learn about the wireless capabilities, e-mail, media and streaming media, accessories, productivity, and more. In minutes, you can watch your skills improve and use what you learn immediately. Now You Know Centro is designed for immediate gratification, not for hour-long reads, the exact way you use your smartphone.

Written specifically for lawyers to help them be more productive, a guide to Microsoft Office shows how to utilize the many aspects of this powerful software, from helping users log and track phone calls, meetings, and correspondence to archiving closed case material in one easy-to-store location. Original.

An annual guide helps solo and small firm lawyers find the best legal technology for their dollar, providing current information and recommendations on computers, servers, networking equipment, legal software, printers, security products, smartphones, and everything else a law office might need. Original.

Providing extensive instructions and tips on various wireless devices, this text covers several tools and focuses on several task-oriented explanations for each highlighted device (for example, sending or beaming data between a PC and a PDA).

Written just for lawyers, it addresses real-life problems lawyers face each and every day, and provides new tips and tricks for getting the most out of Palm applications. This book is packed with important how-to information.

Provides information on the features of the Palm Pre, covering such topics as phone features, using the Web browser, setting up email, importing photographs, and adding media.
